3. Registration - Letter of professional standing (if applicable)

- Must be registered, licensed or eligible to be recognize as a veterinarian of good standing in the country in which you studied or worked (Letter of professional standing)

Letter of professional standing needs to say

- you are registered to practice as a veterinary by that authority
- You are of good professional standing and good character, and there is no charge of unprofessional conduct or a criminal offense outstanding against you, including where relevant details of any cautions or criminal convictions, as well as absolute and conditional discharges and spent convictions, or any adverse findings, including professional disciplinary proceeding against you
- You hold a veterinary degree

My letter of professional standing was something like this:

"We certify that Dr. Antonella Pannunzio, ID, Professional Registration N° ... is registered in this College of Veterinarians of the, Not owing to the date any penalties of suspension or exclusion from enrollment and no mandatory contribution required. Therefore she can practice here as veterinarian without restrictions.

It is extended at the request of the interested party to be presented to whoever request it on September ..,"

3. bis. Evidence of your current full registration in Australia (if applicable)

4. English language exam

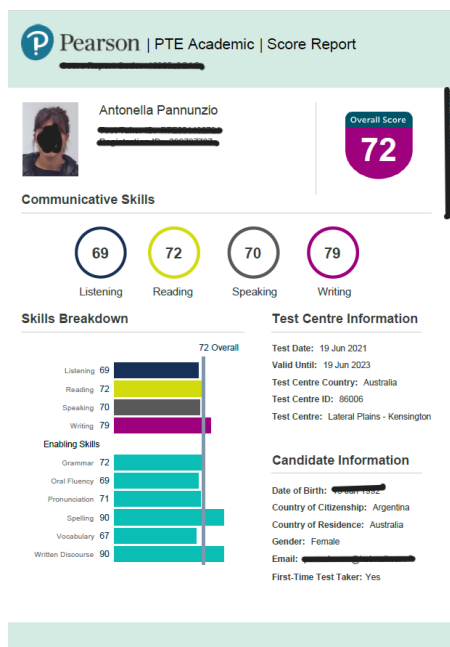

English language test pathway - you will need to take an English language test to demonstrate that you meet the standard if:

- Your veterinary qualification was not taught and assessed in English
- Your primary and secondary education was not taught and assessed in English in one of the recognized countries.

English language test in the past 3 years:

- IELTS (academic module) with a minimum score of 7 in each of the four components (listening, reading, writing and speaking)
- OET with a minimum score of B or 350 in each of the four components (L, R, W, S)
- PTE Academic with a minimum score of 65 in each of the four communicative skills (L, R, W, S)
- TOEFL iBT with a minimum score in each section of the test as follows: 24 for L, 24 for R, 27 for W, 23 for S

My personal experience: I found easier to get the required score with PTE Academic. I paid for a personalized online course which helped me to get the desired score in my first attempt. I studied for the exam for about 2.5/3 months.

5. Official translations in English

If any of the documents are written in a language other than English. You must provide:

- All supporting documents in the original language
- Official English Translated versions of all documents

(AVBC reserves the right to request applicants to provide translations completed by a translator in Australia, accredited by the NAATI)

6. Evidence of residency status in Australia

(If applicable)

7. Work experience

- Resume (CV)
- 2 references - attesting to your professional competence

8. Evidence of completion of compulsory experience (if applicable)

If you don't have supporting evidence, please provide a brief overview of what, where and when you completed your compulsory clinical experience

Important!

Document requirements

- Name each file with your SURNAME and content
- Colour scan of the ORIGINAL document (unless the original document is black and white)
- Resolution >300 dpi/ppi
- Include ALL edges and corners
- All text must be readable
- Have visible security features (as official stamps, seal, signatures, hologram)
- .pdf format
- Each document must be submitted in a SEPARATE PDF
- If a document has more than one page or side, ALL pages need to be scanned and combined into the one file
- NO compressed files are accepted

If documents do not meet the above requirements the assessment will be delayed. AVBC reserves the right to request to see the original documents.

DIGITAL DOCUMENTS

If some official documents were issued digitally, may not meet our resolution standards.

In these cases, the applicant must ensure that AVBC can verify these documents, for example, providing weblinks and passwords.

AVBC will contact you if there are problems verifying digital documents.

CHECKING THE RESOLUTION OF A DOCUMENT

For pdf documents, use in Acrobat DC to open the file. Go to:

Print production > Output Preview > Preview dropdown > Object inspector

You can then click on your document and assess the resolution
